WHEN THEORIES FAILED.

A Mother's Experience in the Training of Children.

"Have you given up your theories on the training of children?" he asked as he settled back in his easy chair after dinner.

"I have," she replied decidedly.

"I've noticed that you haven't been reading so many books on the subject recently," he went on. "What's the reason?"

"Why, you see, we had a series of lectures on the subject at the club, and I learned from them that it was real science, requiring careful study. So I got copies of several books on education and began to fit myself for the work of bringing up children properly. But the authorities don't agree."

"Don't they?"

"No, they don't. And they all go on the theory that one has a nursemaid or two and a governess."

"And you haven't any?"

"No, I haven't any. And so none of the books seemed to fit my case. Besides, while I was studying the children kept getting into trouble and hurting themselves and acquiring all sorts of bad tricks. So I've gone back to studying the children and have left the books to people who have some one to look after their children while they experiment with their books." — New York Press.

THE MOON AND THE MICE.

Curious Indian Legend Explaining the Waning of Luna.

A curious Indian legend was told to some people in Omaha by a full blooded Sioux who lives at Pine Ridge agency.

He said the belief was that every time a new moon appeared it was a signal for all the mice in the country to gather themselves together in one spot. When they assembled they then separated into four great armies. One army went to the north, another to the south, a third to the east and a fourth to the west. These armies of mice traveled until they reached the point where from the place of starting the heavens seemed to touch the earth. Then they climbed up the sky until they came to the moon, which by this time was what we call full.

All of the four armies then commenced nibbling at Luna, and when they had eaten her all up the mice would scamper back down the heavens to the earth and wait for her to show herself again, when the journey and the nibbling would be repeated by the mice, and this is what the Indians of early days believed was the cause of the moon growing old and finally disappearing.

THE GOOSE TOWER.

Wherein King Valdemar Clapped the Disrespectful Delegates.

In the early years of the fourteenth century the "free cities" — Hamburg, Lubeck and Bremen—sent a delegation of seventy-seven members to King Valdemar to demand increased rights and privileges in their trade with Denmark. The delegates were not very respectful in their language and demeanor, and the king, who was at Vordingborg, told them they acted like a drove of geese and clapped them into prison in the tower, telling them they would stay there until they learned better manners. Over the heavy tower door the king put up a stone with the inscription:

Sieben und siebenteg Hause:
Sieben und siebenteg Ganse;
Ware nicht so viele Hause
Hat ich auch nicht so viele Ganse.

Translated this reads: "Seventy-seven houses and seventy-seven geese. If there were not so many houses I would not have so many geese."

On top of the tower, which still stands solid and strong, was placed a big gilt goose, with neck outstretched as if it were hissing.

Twenty Years Trial.

There are lots of good things the doctors know nothing about. We frequently cure people of disease after the doctors have given them up. If the disease comes from overwork, dissipation, or exposure, causing week and watery blood, and loss of flesh and strength, we have the one sure remedy in Dr. Gunn's Blood and Nerve Tonic. These tablets taken with meals turn the food into rich red blood, making strong steady nerves, and increasing the strength, building up solid flesh at the rate of 1 to 3 pounds a week. This means health. For nervous prostration, loss of memory, or a pale, sallow complexion, a better remedy was never made. Doctors know nothing about this remedy only the fact that we make cures; as we have been doing this for twenty years we know our method to be the right one. Druggists sell Dr. Gunn's Blood and Nerve Tonic for 75 cents per box, or 3 boxes for $2, or sent by mail, on receipt of price. Write us for a pamphlet telling all about this great medicine. Address Dr. Bosanko Medicine Company, 128 S. Sixth street, Philadelphia Pennsylvania.

Sure Cure for Piles.

Itching Piles Produce moisture and cause itching. This form as well as Blind, Bleeding and Protruding piles are cured by Dr. Bosanko's Pile Remedy. Stops itching and bleeding. Absorbs tumors. 50c. a jar at druggists or sent by mail. Treatise free. Write me about your case. Dr. Bosanko, Philadelphia, Pa. For sale by Ryan's Pharmacy, Redwood

Natural Result.

It is very reasonable to suppose if the foundation of a structure was removed that the building itself is bound to come down. This same principle can be applied to disease. Take a medicine into the system that will remove the cause of sickness, and the illness leaves of itself. Dyspepsia, indigestion, sick-headache and biliousness, have their foundation in stomach disorders. Remove the other symptoms are no more. There is one cure for this that all druggists sell for 25 cents per box, it is called Dr. Gunn's Improved Liver Pills. They get right at the beginning of the diseases and make the cure by taking away the cause of it. We will send a small box free by mail, or a large box on receipt of 25 cents. Address Dr. Bosanko Medicine Company, 128 S. Sixth street, Philadelphia, Pennsylvania.

Provision is being made for an excursion from San Jose and application has already come tickets for irom Santa Cruz. To those in Redwood and vicinity who wish to hear the great contralto, application may be made to F. W. Nightengale, Stanford University, and the best available seats will be held at the box offico on the night of the concert. An advance sale o seats will take place at the Stanford Pharmacy, Palo Alto, and the bookstore on the campus, beginning April 2d. Tickets $1 and 75c.

An Announcement.

Charles Luscher has announced himself a candidate for town trustee at the coming election to be held April 11th. Mr. Luscher is a prominent business man of this city, broad gauged and progressive, and a believer in improvements. He has the interests of the town at heart and would make an excellent official. Being a successful man of affairs, honest and fearless in the discharge of any duty incumbent on him, there can be no doubt but that Mr. Luscher, if elected, would serve the people faithfully and well.

Applied for Letters.

Frederick Campbell, through his attorney, Geo. C. Ross, has applied in the Superior Court for letters of administration upon the estatate of Edward Campbell, whose death occurred in San Mateo last week. The estate consists of an undivided two-fifteenths interest in 480 acres of land at Halfmoon Bay, valued at $3000, from which an annual rental of $150 is derived. Nicholasse Campbell, mother of deceased, is the heir at law.

Return on Sale.

James Crowe has filed a return of sale of personal property belonging to the Hans Jessen estate. The amount derived from the sale of farming implements, etc., at Halfmoon Bay is $164, and the sum received for personal effects sold in this city amounted to $51.30, making a total of $215.30. Thursday, April 7th, has been the day set for settling the account.

THE CITY COUNCIL.

City Donates One Hundred Dollars to Corner Stone Committee.

There has been some spirited correspondence back and forth between the City Clerk and the railroad company recently regarding certain promised work that had been long delayed on the part of the corporation. The matter was taken up at the meeting of the council Monday night, and from the tenor of the following communication from the company's engineer, an understanding has at last been reached:

Mr. Daniel R. Stafford, City Clerk, Redwood, Cal. Dear sir:—Your communication of the 11th instant to Mr. Wilder, relative to culverts at street crossings has been handed over to me. Would state that the matter of putting in the culverts at the crossings referred to has not been overlooked. We do not, however, have the necessary material on hand to do this work. The material has been ordered and as soon as it is received the culverts will be put in. In one case, at Spruce street, we went to the expense of putting in a temporary pipe with a view to relieving the condition complained of at once instead of waiting for the material, which was to be used in permanent culvert, to come along. Would submit that we propose to put in culverts as follows:

At Jefferson street, 12 inch drain across the sidewalk, south side of track 13 feet long. At Beach street, 12 inch drain 44 feet long, on the south side of the track and parallel thereto. At Cedar street, 12 inch drain 30 feet long on the south side of the track and parallel thereto. At Spruce street, 12 inch drain across the tracks and 8 inch drain north of tracks and parallel thereto across the road. At crossing at our engineer station 49-40, near east charter line of Redwood, 18 inch pipe across the tracks. It is also proposed to go ahead and finish the fencing at the 24-foot strip of land lately acquired east of the depot and put in a foot bridge, and at opening 29 D it is proposed to put in bulkhead about four feet high and 40 feet long to protect the bank on the north side of the track.

Trusting that the work proposed in the foregoing is in conformity with the views of the Trustees, I remain, very truly yours, E. M. FARLEY, Resident Engineer.

A resolution was adopted calling a general municipal election to be held Monday, April 11th, for the purpose of electing three Trustees, a Clerk, Marshal and Treasurer. The following officers were appointed to have charge of the voting precinct: Inspectors, John W. Glennan and William Holder; Clerks, Carl Plump and H. G. Watrous; Judges, Nelson Paddock and Charles Cullen; ballot clerks, Fred Grimm and Dan Mullen.

The court house cornerstone committee sent a communication asking for a donation to assist in defraying the expenses of the proposed celebration. The communication was accepted and filed and on motion of Mourot, seconded by Littlejohn, the sum of $100 was placed at disposal of the committee.

Attorney Kincaid reminded the board of a matter taken up by it several months ago—that of abolishing the office of City Treasurer and passing the duties of that office up to the County Treasurer as provided by law at a salary of $25 per year. The earnings of the present official amount to about $180 annually, Mr. Towne, however, offered a compromise and stated that he would continue to serve the city for an annual salary of $50. His offer was accepted and an ordinance was passed fixing his salary at the sum named.

The attorney stated that C. A. Hooper had expressed his willingness to advance the necessary money to construct 300 feet of sewer along the county road in front of his property in the Robinson Subdivision, and wait until the end of the year for his money. It was his desire that the board have the work done under the supervision of its Street Superintendent.

Treasurer Towne reported a balance of $815.41 on hand in the general fund.

On May 4, 1903, parties unknown entered the home of James Crowe and took therefrom a sum of money. At that time a reward of $150 was offered for the apprehension of the guilty parties, and Mr. Crowe wishes it understood that the said amount will be paid to any one giving information whereby the parties concerned may be convicted.

The railroad company has put in an extension to Lover's Lane so that pedestrians do not have to walk on the track on going to the depot by that way. A force of men has also been at work on the culvert on the bridge near Knight's store, which was found to be too small to accommodate the mountain water which has been coming in such large quantities lately.

Mrs. J. S. Hughes of Lebanon, Oregon, who is well known here, will leave next week on an extended trip through the East. Her son Merton has come down from Oregon and is taking a course in manual training, as he has been appointed to teach that subject in the Merced high school.

John J. Read announces that he will be a candidate at the coming election for the office of Marshal. By an oversight, the time for getting his name on the official ballot has elapsed. He asks his friends to write his name in the blank column on the ballot. Mr. Read is an old resident of Redwood City and if elected would make a painstaking officer.

T. W. Epperley has declared himself a candidate for the office of Marshal at the approaching election in April. He was formerly a constable in the southern part of the State, and was known as a good officer and fearless in the discharge of his duty. His many friends believe him to be a strong candidate and have put him forward with every hope of success. Should he be elected he will discharge his duties without fear or favor.

Emil Martin, a section hand on the Belmont section, was killed by the 8:40 train Wednesday night at San Mateo. Mr. Martin had been in San Francisco that day and it is supposed that he was on his way home when the accident occurred. The remains were brought to Redwood on Thursday and on the same day were identified by M. Redmond, section foreman. The deceased was about 35 years of age and was well known at Belmont.

The farmers in the surrounding country and those interested in agricultural pursuits have a treat in store for them next Friday, April 1, when a Farmers' Institute, under the auspices of the College of Agriculture, will be held at the assembly hall of the Redwood City grammar school beginning at 10 a. m. Supervisor McEvoy has taken charge of the matter and is being assisted dy Professor Rosseter, who will see that a good literary and musical program is provided for visitors.

The San Mateo County Savings and Trust Company's office presents a neat appearance. At a meeting of the stock holders last Saturday the following officers were elected: President, George B. Sneath; Vice President, William Hughes; Secretary and Manager C. E. Dugan; Cashier, L. B. Thomas.

Harvey Hickey has moved his restaurant into new quarters on Main street. To-night he will have a large quantity of clam chowder which he will serve to all of his friends, free.

HAYWARD WILL PROBATED.

Heavy Bonds Fixed for Executors of Instrument.

The last will and testament of Alvinza Hayward, deceased, was admitted to probate in the Superior Court Thursday. Garret McEnerney appeared for Mrs. Charity Hayward and the firm of Page, McCutchen and Knight for the executors. E. J. McCutchen, Mr. Winn and H. G. Stevenson, executors of the will, were sworn and gave testimony relative to the making of the instrument. Mr. Hopkins, confidential agent and secretary of Mr. Hayward, testified as to the condition of the estate. The rents from the San Francisco property were $3000 a month. Mr. McCutchen objected to this line of testimony brought out by McEnerney, but the latter replied he desired to lay the basis for fixing the bond that would be required of the executors by Mrs. Hayward. A heated argument ensued and finally Judge Buck settled the matter by requiring the executors to each file a bond in the sum of $100,000. Mr. Shinn, Superintendent of the Utica mine, was called and testified that the estate was worth between four and five million dollars and that the income from the Utica mine was irregular.

Attorney McEnerney asked that Mr. Hopkins furnish his client with a daily statement of the proceedings of the executors, as she was not any too friendly to them, and as she was to receive the greater portion of the property, she wanted to be in touch with all the proceedings in the settlement of the estate. McCutchen thought the request unreasonable and remarked that McEnerney had made the statement to the effect that the estate was insolvent. The latter sharply replied that he had made no such statement and the estate was not insolvent unless he, McCutchen, made it insolvent.

It developed during the taking of testimony that Attorney McCutchen was the president and manager of the Hobart Company that owns a third interest in the Utica Mining Company.

Final Arrangements Made.

The final arrangements for the Sequoia-Palo Alto debate have been made. At a recent meeting in Palo Alto the Redwood debaters, Messrs. Halsey and Boulware and Miss Watrous met the P. A. H. S. team, composed of Messrs. Newlands, Laconn and McPheeters and and settled all the details of the debate. It was decided to postpone the contest until Friday evening, April 15. The three judges will be members of the Stanford faculty. Professor Rosseter has been chosen chairman while Professor Hill of Palo Alto will act as time-keeper. A handsome silver cup has been purchased jointly by the two schools, the final possession of which will be given to the school winning two out of the three annual contests. The trophy selected is an exact duplicate of the one awarded in the league last year. It stands about 8 inches in height and has a silver French grey finish with a polished gold interior. The question for this year's contest is: "Resolved, That it would be for the best interests of Californians to divide the State into two States, Northern and Southern California." Sequoia has the negative.

A New Citizen.

William Henry Warren, a native of Canada, was admitted to citizenship in the Superior Court on Thursday on the testimony of H. S. Sears and Thomas A. Wilson.

COUNTY BOARD IN SESSION

Official Business Transacted by the Supervisors at Monday's Meeting.

The Question of the New School District Caused Considerable Argument.

The Board of Supervisors met in regular session Monday. All the members were present.

The matter of the formation of the Las Lomitas school district came up for discussion and long arguments pro and con followed.

J. B. Felix, one of the signers to the petition asking for the new school district, spoke at great length. He said he had called upon the trustees of the Menlo Park and Redwood City school districts and they assured him they would make no further protests. He could not understand why the prayer of the petition should not be granted in view of the fact that children in the proposed new district lived from two to five miles from any school, and owing to that distance had to remain home and grow up in ignorance. The law made it imperative on the Board to act in the matter. He explained that the districts who had opposed the petition would not suffer financially. Mr. Felix made a strong appeal to the Board that a great wrong was done the residents of that locality and urged the prayer of the petition be granted.

Geo. C. Ross in answer to Mr. Felix said he had received a communication from Mr. Mason, one of the Menlo Park school trustees, to the effect that there were no funds to provide stable room for horses and rigs for the accommodation of children coming from the outlying districts, but that Trustee Hopkins would at his own expense erect necessary stables. Mr. Ross explained that the trustees of Redwood City would make ample provisions for similar accommodations for children living in the proposed new district. Mr. Ross suggested that the petition go over this year and be granted next year when there would be sufficient new residents to maintain the present corps of teachers in the Menlo Park and Redwood districts. He further stated that Mr. Donohoe, one of the Menlo Park trustees, would shortly give five acres of land near the Sacred Heart Convent, adjoining the proposed new district upon which would be erected a parochial school. Mr. Ross said it would be near the district and inasmuch as the tuition would be free he could see no necessity for the formation of the Las Lomitas district.

Mr. O'Connell strongly urged the granting of the petition. As did Mr. Lasswell who thought too much selfishness and pride actuated the motives of the opposition. Supervisor McEvoy suggested a compromise. He said that fifteen children could be taken from Menlo and five from the Redwood District, without effecting either, and placed in the new district and the number would be sufficient to secure one teacher. He urged a change in the boundary lines. He thought this the only solution of the matter. Mr. Felix thought this could not be done in time to act on the petition as April 5th was the last day in which a petition could be filed. On motion of McEvoy seconded by Eikerenkotter, the petition was referred to the Superintendent of Schools and petitioners to agree upon some boundary line and report at the next meeting of the Board.

At the suggestion of Supervisor McCracken, McEvoy was added to the Committee.

Afternoon Session.

The Board met at 1:30 pursuant to adjournment during the morning session.

A petition was read from the residents of Pescadero and Sunnyside school district asking that the boundary lines of those districts be changed. The prayer of the petitioners was granted.

The following communication was presented by Health Officer H. G. Plymire:

"South San Francisco,
"San Mateo Co., Cal.

"To Your Honorable, the Board of Supervisors of San Mateo County—I herewith submit my application for reappointment for Health Officer of San Mateo County.

"Yours respectfully,
"H. G. Plymire, M. D.

On motion of Eikerenkotter, seconded by McEvoy, the communication was accepted and that a ballot be taken. The election of the Health Officer, H. G. Plymire, was unanimous.

McEvoy moved that the bond of Health Officer be fixed at $3,000, The motion was carried on being seconded by Eikerenkotter.

The bond of P. Gianocca as poundmaster of the Fourth Township, with R. I. Knapp and William Pringle as sureties in the sum of $500 was accepted by the Board on motion of McEvoy, seconded by Debenedetti.

The petition to close streets in the City Extension Homestead Association near Colma came up for discussion. The affidavit of D. E. O'Keefe showing that due and legal notice had been given was read by the Clerk.

Attorney Charles S. Patton representing the petitioners desired the Board to pass an order closing the streets which he said were on paper and had never been laid out or used by anyone. He declared no one would be injured by abandoning said streets. At this point the speaker was interrupted by Attorney H. W. Brown who represented the protestants, saying that the petitioners had not acquired jurisdiction inasmuch as it was not shown that at least ten out of fifty-nine who had signed the petition were freeholders and until this was proven by competent evidence the Board could not act. Patton waxed vehemently at the objection, and for a while heated words passed between both attorneys.

Mr. Patton insisted upon the Board passing an order closing the streets and said the insinuation that the land was intended for cemetery purposes was nonsense at this time. He said the only question now before the board was the closing of the streets. He admitted, however, he had an application in his pocket to open a cemetery, which he would file at the proper time.

Patton placed M. Millett on the stand to prove that the signers were freeholders, but the proceedings were cut short by Attorney J. C. McKinstry who vigorously objected. He claimed the Board lacked jurisdiction in the matter. He also claimed if the Board passed an order to close the streets the Supervisors would be liable for damages.

The following protests were read by the Clerk:

"To the Honorable Board of Supervisors of the County of San Mateo, State of California.

"A petition requesting that certain streets and avenues in the City Extension Homestead tract at Colma, in this county, be closed, vacated and discontinued, is now pending before your Board.

"The streets and avenues asked to be closed are, F street and Fourth avenue to San Pedro road; G street from Third avenue to San Pedro road; H street from Fourth avenue to San Pedro road; I street from Third avenue to San Pedro road; J street from Third avenue to San Pedro road; K street from Third avenue to San Pedro road; L street from Third avenue to Sixth avenue; First avenue from and including F street to and including K street; Third avenue from and including K street to and including F street; Third avenue from the southerly boundary of the City Extension Homestead Association's property to and including F street; Fourth avenue from the southerly boundary of the City Extension Homestead Association's tract to and including H street.

"Said petition was filed with your Honorable Board on tue 15th of February, 1904, and represents the petitioners thereto as the owners and in the possession of practically all of the blocks and land lying within the portion of the said homestead in which said streets and avenues are located. This statement, we are satisfied is not true, and is misleading. Of the 59 persons whose names are subscribed to said petition not more than six are owners of lots in said City Extension Homestead, and the others will in no way be accommodated by the closing of said streets.

"Equally untrue and misleading is the statement that the streets and avenues asked to be closed "are not nor have they been occupied or used as streets or avenues and that they are merely streets on paper."

These streets and avennes were laid out and dedicated to the public at the time of the subdivision of the tract of land comprising said Homestead, and have been used by the residents and owners of lots therein for ingress to and egress from their properties ever since. The public has used at different times portions of almost all of said streets and avenues, and F and H and a portion of K streets have been used for years past and are now used as public thoroughfares, and their discontinuance would be a great public inconvenience and detriment, as well as a denial to resisent lot owners and their tenant of access to their property and homes.

"Your attention is called to the fact that you are asked to close up all the streets and avenues of the entire southern half of the City Extension Homestead. Is just to the owners of lots in the other half of this Homestead? You are asked to do this because certain parties in San Francisco desire to derive pecuniary benefit therefrom by establishing on the portion of said Homestead in which said streets are located, a cemetery or cemeteries for profit. By getting these streets closed the promoters of this cemetery scheme hope to acquire possession of many acres of valuable land worth thousands of dollars which are now devoted to streets and avenues now practically belonging to the county, and which the people of the county and particularly the residents of Colma, are interested in not having abandoned and closed.

"Your Board instead of closing these streets should improve some of them and shorten the distance between Colma proper and points below on the County road.

"We are opposed to the closing of these streets and avenues, or any of them.

"We object most strenuously to the location of any more cemeteries in the immediate neighborhood of Colma. They are detriment to our growth, retard improvements, depreciate the values of our real estate, and are a menace to our health. In a late decision the Supreme Court of this State has said that the Board of Supervisors can regulate and control the burial of the dead, and the location of cemeteries, and we ask that you take action to prevent the neighborhood of Colma from further becoming the burial ground for the City and County of San Francisco.

"We ask you to do this out of regard for our property rights, as well out of consideration for the health of our inhabitants.

"We already have too many cemeteries, and it is high time to cry "Halt".

"Dated March 21, 1904.

"Respectfully submitted, by the undersigned, residents and property-owners of Colma:

C. J. Adams, R. S. Thornton, Wm. B. Hartley, Henry Ward Brown, B. E. Dunn, Mrs. Norton, John Skelly, Chas. McLaughlin, Henry Schath, Charles Viohl, Mrs. Oakes, Henry Geilfuss, John C. Witt, Alfred Schlinger, Chas. Suenderman, H. Suenderman, J. H. Imwalle, G. Fellmouse, Joseph Smith, William Gillette, Mrs. Fortunato Barsi.

"San Francisco, March 19, 1904.

"To the Honorable Board of Supervisors of the County of San Mateo, State of California.

"Gentlemen:—I own lots 4, 5, 6, 7, 8 and 9 and part of lots 2, 3 and 4 in block I in the City Extension Homestead, and anjoining this property lots 1, 2, 3, 4 and 5, block 10 and lot 1, block 11 of School Hduse Homestead at Colma, San Mateo county.

"I am informed that a petition is now before your Board asking that eleven streets in that portion of the City Extension Homestead in which my lots are situated, be closed and abandoned. I desire to protest against your Board granting this petition. These streets are necessary for the owners of lots to have access to their property, and some of them are open, public thoroughfares and used as such at all times.

"The closing of these streets will injure my property. I have spent ten years in improving my property, setting out trees, planting and cultivating hedges, and am about to build a home for my family.

"It is the purpose of those asking for their closing to establish a cemetery on the said Homestead. I am opposed to a cemetery being placed so near to my property and future home and hope that your Board will deny the petition.

"Respectfully,
"Henry Geilfuss."

"To the Honorable Board of Supervisors of the County of San Mateo, State of California:

"I, the undersigned, Charles Viohl, a citizen, resident, freeholder and taxpayer of the First Road District of the County of San Mateo, State of California, owning real property which is taxable therein for road purposes, hereby respectfully submits to your honorable body, for favorable consideration, my protest against a certain petition to your honorable body by John B. Cronan, of Colma, and others, alleging to be residents, freeholders and taxpayers of the said First Road District of the said County of San Mateo, for the closing of those eleven streets or roads known as and called: F street, G street, H street, I street, J street, K street, L street, First avenue, Second avenue, Third avenue and Fourth avenue, as laid down on the map of the City Extension Homestead Association, of record in map book number one, at page thirteen, in the office of the Recorder of said County of San Mateo, for such portion thereof and to the extent set forth as follows, to wit:

"Said F street from Mission Road to San Pedro Road (both being county roads); said G street from Third avenue to San Pedro road; said H street from Fourth avenue to San Pedro road; said I street from Third avenue to San Pedro road; said K street from Third avenue to San Pedro road; said L street from Third avenue to Sixth avenue; said First avenue from and including K street to and including F street; said Second avenue from and including K street to and including F street; said Third avenue from the southerly boundary of said City Extension Homestead Association's property to and including F street; said Fourth avenue from the southerly boundary of the said City Extension Homestead Association's tract to and including H street.

"And in support of this his protest against the proposed closing of the said streets or roads, the undersigned, Charles Viohl, sets forth the following facts:

"That since the year 1891 he has been and now is the lawful owner of, and since the year 1895 has continuously resided with his family on lot number twelve, of block thirty, as designated on the said map of the said City Extension Homestead Association, said lot being situated on the northwest corner of said K street and Third avenue, and measuring 100x100 feet.

"That he has improved the said lot of land to the value of about $3000.

"That said lot lies in and is surrounded by that portion of said First Road District of said County of San Mateo, whose streets or roads are proposed and petitioned to be closed by your honorable body in said petition of John B. Cronin of Colma, et al., and in particular as follows, to wit: by the right angle formed by said K street and Third avenue at the northwest corner thereof.

"That the closing and discontinuing of the use of said streets and avenues will deprive the undersigned, his family and all others of all access to and egress from his said property, and render the same absolutely valueless, thus depriving the undersigned of all his earnings and savings expended in said lot of land and the improvements thereon.

"That the closing and discontinuing of the use of said streets and avenues will also obstruct travel, and render it impossible to have free access to and egress from other adjoining and adjacent property without injury or inconvenience to them, or without public detriment.

"That, as the undersigned is informed and believes, certain cemetery associations of the city and county of San Francisco, State of California, intend to acquire a great part of said district for their burial grounds, and that the said petition for closing of said streets and avenues by said John B. Cronin of Colma, et al., is submitted to your honorable body upon the instigation and on behalf of the said cemetery associations of the said city and county of San Francisco.

"That the establishment of burial grounds, which are forbidden within the limits of the city and county of San Francisco, upon the lands above herein mentioned, would be a great injury to the property of your petitioner as well as of all other residents, freeholders and taxpayers of the First Road District of said County of San Mateo, and a public detriment in general.

"That many of the signatures attached to said petition are the signatures of people who are not real property owners in said district.

"Wherefore, the undersigned prays that your honorable body decline to grant said petition, and refuse to close said streets and avenues.

"Respectfully submitted by
"Charles Viohl.

"Dated March 18, 1904."

At the suggestion of Chairman Coleman the matter was deferred until next meeting.

P. P. Chamberlain acquainted the Board with the fact that B. A. Rankin having died their was no one to make affidavits regarding the death of old soldiers and he suggested the name of E. O. Rhodes, and motion of McEvoy, seconded by Eikerenkotter, that gentleman was appointed.

Mr. Chamberlain urged the Board to take some action on the request of Major Sherman to make an appropriation of $200 to provide a stone for the base of the Sloat monument at Monterey. There being other business of a more pressing nature the matter was postponed to the next meeting of the Board.

Supervisor McCracken presented plans, prepared by Catton Bros. for a new steel bridge at Pescadero to replace the one that was partly destroyed by the recent storm.

McEvoy opposed the plans on the ground that it would be a waste of money, inasmuch as a portion of the old bridge could be used—in fact, 72 feet was as good as new. Then the depleted condition of the General Fund would not warrant such an outlay as the new bridge would cost.

McCracken explained that it would be wisdom to erect a new structure. A steel bridge would be permanent and the needs demanded it.

McEvoy suggested that the plans be modified to the extent that a steel span with the old approaches be used.

McCracken said that while he desired a new bridge he would accept the suggestion and upon his motion, seconded by Eikerenkotter, the plans were referred back for modification.

No further business appearing the Board adjourned to Monday, April 4.

ALL AROUND THE COUNTY.

Events of the Week as Recorded by Correspondents.

PESCADERO, March 25—The wife of M. Woodhams presented him with a daughter.

J. C. Williamson has a nephew from Boston visiting him. Mr. Randall is employed as a Pullman car conductor on one of the trains plying between Boston and Chicago. He finds the climate and coast to his liking and expects to remain some time with his uncle.

F. Webb, who has been visiting his aunt, Mrs. H. L. Good, for several months, left ror his home in Chicago. He was quite popular and will be very much missed.

In making a foot bridge across the creek, James Hamilton fell into the creek and went out of sight, but for friendly hands he might have been drowned. He escaped with only a good wetting and a bad scare.

WOODSIDE CHIPS.

WOODSIDE, March 25—Greersburg school closed last week for the annual spring vacation.

William Langtree has moved from the old McCormick house to Mrs. Hopkins' place, Mrs. Schafer having moved into the house vacated by Mr. Langtree.

Mrs. J. W. Walker is confined to her home with an attack of inflammatory rheumatism. Her daughter Miss Fannie who is a professional nurse has been summoned to attend her mother and from last accounts Miss Walker is improving slowly.

Young Stanley Price carries his arm in a sling, the result of having slipped and struck on his shoulder throwing the arm out of place.

H. E. Holmes and wife of San Francisco are out for a short stay at his summer cottage in this place.

Joseph A'Hearn, the popular plumber of San Francisco, was out this way Sunday. Joseph had charge of the plumbing on the Folger ranch last year and expects to be out again this summer.

Joseph Bettencourt, proprietor of the Gem Tonsorial Parlors of Woodside, will shortly move into the Williamson block, where he has fitted up the swellest place in town.

Mrs. August Bruecker of San Francisco is on a short stay with her mother Mrs. Matheisen.

John Walker having purchased the Hollingshead home moved into it this week. Miss Mary Doyle who occupied the premises has leased the McNulty cottage.

Miss Rose Kelly, who passed away in her young years last Friday morning, was followed to her last resting place Sunday afternoon by a large concourse of sorrowing relatives and friends. Although the weather was stormy many braved it to perform the last sad rites. Prior to leaving the family residence, short though impressive services were held by the members of Bonita Parlor, N. D. G. W., of Redwood City. The funeral cortege wended its way to Mount Carmel church where prayers for the dead were recited. The remains were then taken to Holy Cross cemetery, Menlo Park, where the Native Daughters again held services and consigned all that was mortal of a good woman to her last resting place to await the bright morning of the resurrection. The floral offerings were many and beautiful and attested the high esteem in which she was held. The pall-bearers were Peter Mathiesen, Edward Hansen, Andrew Nelson, George Bogle, A. Jenkins.

Fishing Season Opens Next Friday. John O'Dea Was Killed by the Train.

MENLO PARK, March 25.—The grammar school will close next Monday for the Easter vacation.

Easter bonnets will be much in evidence next week.

It is reported that the Mills place and the Eyre residence at Fair Oaks have been rented to San Francisco parties.

The carpenters at the Flood building gave a clambake Thursday evening. It was an enjoyable occasion.

The heavy frost of Thursday night did very little damage to the budding fruit trees, though if it continues, there may be some serious results.

Mrs. Darcy and her young daughter, Elizabeth, of San Francisco, visited the home of the former's sister, Mrs. H. B. Morey, the fore part of the week.

John MacBain this week became a thirty-second degree Mason. This is the highest honor in Masonry and was conferred by the San Francisco Grand Lodge.

Tony Beckers, who recently became heir to an estate in Minnesota, was here Wednesday calling on old friends. He is soon to engage in the saloon business in San Francisco.

John Bonafant, the well known saloon man of Redwood City, has leased the Classic Saloon building in the Maloney block and will commence business shortly after the first of the month.

The rainfall for the season as recorded by the rain gauge at the depot, has been 13.63 inches as against 13.71 at this time last year. The total for the month of March last year was 16 inches.

John MacBain has been awarded the contract to build a $30,000 residence at San Mateo for D. F. Walker. It will be a handsome structure, well appointed and up-to-date in every particular. The style of architecture is very beautiful.

E. J. Crane has been awarded the contract to paint the exterior of the O. N. Felton residence. Mr. Felton will be down from the city the first of the month for the summer. His daughter, Mrs. Elkins, will be here on the 15th of April to spend the season.

Mrs. John MacBain returned Wednesday from a trip to her old home in Montreal, where she had gone some weeks ago to see her aged mother. On her return Mrs. MacBain visited the former home of her husband in Rhode Island. Tuesday Mr. MacBain went up the road as far as Sacramento to meet his wife.

The season for fishing opens next Friday and for the past few days anglers have been getting their rods and reels ready to rush to the streams on that day, but the elements will prevent this, as the recent rains have so riled the water that it will be fully three weeks before any fishing can be done. The streams both on this and the other side of the mountains are well stocked with trout, so that fishing this season will be better than it has been for years. Then, too, poachers have been prevented by the rains from catching fish out of season. Local Ike Waltons are looking forward with pleasing anticipation to a delightful season of sport.

Mrs. Emilie Donohoe, wife of Joseph A. Donohoe, has bought from G. Howard Thompson five acres of land west of the Sacred Heart Convent, which she has given to the latter institution on which to erect a building. It is understood that Mrs. Donohoe has provided sufficient funds to put up a neat structure. The convent will be in charge of the Sisters of the Sacred Heart Academy and instruction will be free. It is possible the school will be opened next fall. Those living in that locality will be given an opportunity to attend the institution, so that it may not be necessary to form the proposed new Las Lomitas district. The people of Menlo Park and vicinity feel grateful to Mrs. Donohoe for her munificence in providing funds for this school that has been a long felt necessity. The people also owe a debt of gratitude to the madames of the convent, who will contribute their services free.

The mangled remains of John O'Dea were brought here from Redwood City Monday by Undertaker James Crowe. They were found early that morning near the Catholic church. Pieces of his flesh picked up at intervals showed the body had been dragged some distance by the train. The body was almost cut in two and the face was badly mutilated. It was some time before the remains could be identified. The manner of his death is wrapped in mystery. He had been residing in San Francisco for the past three months and came home Sunday to visit his family. He left on the 8:14 train for the city. When and in what manner he met his death is unknown. The theory is advanced that he got off at Redwood to see some one and attempted to board the train when he slipped between the wheels and was dragged a few hundred yards. The deceased resided here for the past five years and most of that time worked on the section. He leaves a wife and four small children. The remains were laid to rest in Holy Cross cemetery Wednesday. The Coroner's inquest will be held at Redwood City next Tuesday evening.

Mushrooms have never been more plentiful or of finer quality than at present. They are being brought into town in quantity by men and boys who work on the Flood building. The foothills are said to be covered with the popular fungus growth. So far this season no reliable report of poisoning by this food has been made. The best authority says that there is no hard and fast rule for determining the poisonous fungus, that is the toadstool. There are some certain and clearly identified mushrooms which may be eaten with impunity. But there are also many varieties of mushrooms, and the line of demonstration between the mushroom and some kinds of toadstools is so narrow that even an expert may be deceived. The Italians, who are famous for this appetizing and dainty dish have a habit of putting a piece of silver in the vessel where the mushrooms are cooked. If the silver is blackened, just as sulphur discolors it, the fungi are thrown away as they are held to be poisonous. Scientists, however, say that this is no true test and that some of the very best mushrooms will color silver. Without going into any discussion of this it may be well to follow the example of the Italians.

NOTICE

—TO—

TAX-PAYERS

—OF THE—

COUNTY OF SAN MATEO

For the Year 1904.

ALL TAXPAYERS ARE REQUIRED BY LAW to annually make and deliver to the Assessor a statement, under oath, setting forth specifically all the real and personal property owned by such person, or in his possession, or under his control, at 12 o'clock meridian on the

FIRST MONDAY IN MARCH.

Accordingly, you are requested to fill out the assessment blanks in question and deliver the same at the office of the Assessor immediately, making oath thereto.

The property of all persons who refuse or neglect to furnish such statement will be arbitrarily assessed; and such assessment will not be subject to equalization. Refusal to furnish the statement above required will subject the person refusing to a fine of $100.

A State Poll Tax of $2, if paid before the first Monday in July, and if not paid until after said date, then $3 is required of every male inhabitant of this county over 21 and under 60 years of age, except paupers, insane persons and Indians, not taxed: and a demand upon all persons liable therefor is hereby made for the payment of same, either at this office or to the deputies in the field.

Any information relating to the assessments will be furnished upon application to the Assessor's office.

THE HONEY BADGER.

He Is a Tough Beast and Is Exceedingly Hard to Kill.

Badgers belong to the great weasel tribe, although they are also allied, as many people know, to the bears. Among their more or less distinguished relatives may be named the wolverene, otter, skunk and marten. In Africa and India, says a writer in Longman's Magazine, are to be found the curious ratels, a remarkable branch of the family, distinguished by their extraordinary fondness for honey. To obtain this luxury they spend most of their time hunting for the nests of wild bees.

They are absolutely oblivious, as are English badgers, of the stings of the infuriated bees, their tough, thick and loose coats protecting them from any serious injury. Ratels are strong and very courageous beasts. The Boers of South Africa hold them in high respect, as do the natives, and assert that a pair of these beasts will occasionally attack a human being. I have heard of men being treed by these animals, but whether the tale was true or false I am uncertain. What is certain is that the ratel, or honey badger, of South Africa is a beast extremely difficult to kill by reason of his tough constitution, good defensive powers and extraordinarily loose coat and that he is when meddled with or put out a beast of very high courage and unpleasant manners.

Severely Practical.

"Wine of Cardui is indeed a blessing to tired women. Having suffered for seven years with weakness and bearing-down pains, and having tried several doctors and different remedies with no success, your Wine of Cardui was the only thing which helped me, and eventually cured me. It seemed to build up the weak parts, strengthen the system and correct irregularities."

By "tired women" Mrs. Adams means nervous women who have disordered menses, falling of the womb, ovarian troubles or any of these ailments that women have. You can cure yourself at home with this great women's remedy, Wine of Cardui. Wine of Cardui has cured thousands of cases which doctors have failed to benefit. Why not begin to get well today? All druggists have $1.00 bottles. For any stomach, liver or bowel disorder Thedford's Black-Draught should be used.

DARNETAL III

Will make the Season of 1904

— AT THE —

Sweeney Ranch

One mile east of Redwood City

SERVICE FEE:

The Season.....$15.00
To Insure.....$20.00

DARNETAL III was bred by James Curran of Redwood City. He was sired by the registered French coach stallion Darnetel II, No. 2491; his dam a full-blooded Cleveland bay mare. He is four years old this spring, stands 16 hands and 3 inches high and weighs 1600 pounds. He is a handsome mahogany brown, high headed and a high stepper with fine knee action. He was bred to a few mares as a two-year old and three of his yearlings can be seen at the Sweeney ranch.

DARNETAL II, the sire of Darnetal III, is a magnificent specimen of the French coach horse (demi sang corrosier). He is a blood bay, stands 17 hands high and weighs 1300 pounds. Bred by M. Renault, Colomby, France. Sired by the great French government stallion Darnetal, No. 12381, by Utique (French government national stud), Dam La Pelote, by Lansborn (French government national stud).

His record of fifteen first prizes in the show ring, beating the best horses in France, Canada and California, show him to be the greatest horse of his breed that ever crossed the Atlantic. He is full blood and registered in both France and America.

His prize winnings are as follows: First prize at Government Concours of Alencon 1891; first prize and diploma of le Pin, 1892; first prize at Caen, 1893; first prize at Paris, 1893. Bought for 12,000 francs in 1893, and imported to Canada. First prize, over all breeds (60 stallions competing) Winnepeg, 1894; first prize Montreal, 1894; Springfield, 1894; Brandon, 1894; Winnepeg, 1895; Verden, 1895; Winnepeg, 1896; Portage la Prairie, 1896; Winnipeg, 1897. Imported to California in 1898. First prize, Sacramento State Fair, 1900; Tanforan Park, 1900; Santa Rosa, 1901; Sacramento, 1901; Santa Rosa, 1902.

BEFORE THE BREAK.

When Patience Is Hard For the Strenuous, Energetic Mortal.

We are all familiar with the impatience which comes naturally with age and failing health, the intolerance of little hindrances, the inconsequence in argument, the petulance in comment, which are the first signs of senility. But there is another kind of impatience which has a wholly different meaning. It comes to the high spirited, strenuous man when he feels the hand of age on him or that premonition of death which the human body in some hidden way can give to its owner. A man whose soul is centered on a great ideal to which his life's work has been given chafes at the thought that he must be taken before seeing its realization. A man, again, of fiery energy whose days have been spent in conflicts may redouble his efforts at the prospect of their cessation and show an almost hysterical vitality in his closing years. It is a commonplace of literature. The men of the greatest power have the least toleration for petty triumphs, the most abiding sense of the smallness of their doings and the magnitude of their task. That line of "In Memoriam" which was one of the last utterances of Rhodes ("So little done, so much to do!") is a cry on the lips of all who fix their eyes on a far horizon. Haste to justify themselves, either to make practical some idea or to walk a little farther on the road, is the last infirmity of the strongest and best.—Spectator.

Why Kitty Is "Puss."

A great many years ago the people of Egypt, who had many idols, worshiped the cat among others. They thought she was like the moon, because she was more active at night and because her eyes changed like the moon. So they made an idol with a cat's head and named it Pasht. The same name they gave to the moon, for the word means "the face of the moon." The word has been changed to "Pas" and "Pus" and has come at last to be "Puss," the name the most of us give to the cat.—Boston Transcript.

A Generous Spirit.

NOTICE OF EXECUTRIX SALE OF REAL ESTATE.

Estate of ADOLPH SUTRO, deceased.

Notice is hereby given that in pursuance of an order of the Superior Court, in and for the City and County of San Francisco, State of California, Department 9, made on the 3d day of December, 1903 in the matter of the estate Adolph Sutro, deceased, pending in said court, the undersigned Emma L. Merritt, Executrix of the last will and testament of Adolph Sutro, deceased, will sell as a whole at private sale, for cash, United States gold coin, and subject to confirmation by said Superior Court, ten per cent of the bid payable at the time of the sale and the balance upon confirmation by said Court on and after

Monday, the 28th day of March, 1904,

the following described pieces, parcels, and tracts of land belonging to said Adolph Sutro, deceased.

The property above referred to consists of the following described parcel and tract of land in San Mateo County, State of California to wit:

Commencing at a point on the quarter-section line running north and south through section 13, township 3 south, range 6 west, distant southerly 25.48 chains, more or less, from the quarter-section post on the line between sections 12 and 13 of said township and range; running thence northerly along said quarter-section line running north and south through said section 13, 25.48 chains, more or less, to the said quarter-section post on line between sections 12 and 13 of said township and range; thence east 27.31 chains; thence south 16.28 chains, more or less, to the northerly boundary of the Buri Buri Rancho; thence S. 49 degrees 30 minutes W., along said northern boundary line of said Rancho 21.02 chains, more or less, to an arroyo; thence in a generally north-westerly direction along said arroyo, to the point of beginning; being portions of Lots 1, 2, 7 and 8 according to the official plats of the survey of said lands as returned by the U. S. Surveyor General, and containing about 66.33 acres.

Also those certain lots, pieces, or parcels of land, situate, lying, and being in the County of San Mateo, State of California, bounded and particularly described as follows, to wit:

Commencing at the southwest corner of Third avenue and K street; thence running west along the south line of K street 92 feet to the lands of the Estate of Adolph Sutro; thence running at right angles south along the eastern boundary of the lands of said Estate 1038 feet 3 inches, to the north line of Burri Burri Rancho; thence northeasterly along the boundary line of said Rancho 120 feet 2 inches, to the west line of Third avenue; thence along said west line north 960 feet 2 inches to the point of commencement; said tract comprising lots 1, 2, 3, 4, 5, 6, 7, 8, 9, being the entire block No. 42 of the City Extension Homestead Association, according to the map filed in the office of the recorder of San Mateo county on the 15th day of October, 1870.

Offers or bids must be in writing and will be received and may be left at the office of said Executrix, Room 131 Crocker Building corner of Market and Post streets, San Francisco, or may be delivered to said Executrix personally or may be filed in the office of the clerk of said Superior Court in and for the City and County of San Francisco, State of California, at any time after the first publication of this notice and before the making of the sale.

Dated, San Francisco, March 12th, 1904.

EMMA L. MERRITT,
Executrix of the last will and testament of Adolph Sutro, deceased.

SOUTHERN OR SCENIC ROUTE—

WHICH will it be?

Choose the Southern Route and you make the trans-continental trip under conditions that leave nothing to be desired—blue skies, bright sunshine, air that is a constant invitation to outdoor life. The service? It is as good as the climate. Through trains daily, San Francisco to Kansas City and Chicago; standard and tourist sleepers, chair cars, diner.

Scenery is, of course, the great attraction of the Scenic Line. Leave San Francisco any Wednesday, Thursday or Friday morning in a Rock Island tourist sleeper and you will see almost everything worth seeing between the Golden Gate and Lake Michigan—the Sierra Nevadas, the Rockies, the great plains and rivers of the Mississippi valleys. And it is all done in a few days.

Standard sleepers for Chicago, via Colorado Springs, leave San Francisco daily.

Full information on request—call, write, telephone or telegraph.
